

## **Terms and Conditions**

Welcome to Live Health Management!

These terms and conditions outline the rules and regulations for the use of Live Health Management's services.

By accessing and using our services, you accept and agree to be bound by the terms and provision of this agreement. If you do not agree to abide by the above, please do not use this service.

### **Service Description:**

Live Health Management provides health monitoring services to organizations to track the health of their employees by monitoring beats per minute (BPM) and temperature. This data is stored securely in a database until the device assigned to a user is unassigned, the device is deleted, or the user is deleted.

### **User Privacy and Data Protection:**

Data protection is of a particularly high priority for the management of Live Health Management. The use of our services is possible without any indication of personal data; however, processing of personal data could become necessary when an organization wishes to use our service. Our data processing protocols comply with the UK GDPR.

### **Confidentiality:**

Live Health Management ensures that all employee health data is kept confidential and is only accessible to authorized personnel within the organization. We implement appropriate technical and organizational measures to safeguard the data from unauthorized access, alteration, or dissemination.

### **User Obligations:**

The organizations are responsible for ensuring that the use of Live Health Management's services is in compliance with all applicable laws and for maintaining the confidentiality of health data within their organization.

### **Amendments to Terms:**

Live Health Management reserves the right to modify these terms and conditions at any time.

### **Governing Law:**

These Terms shall be governed by the laws of the United Kingdom.
